Report of David Thompson

Re: George Sipel statement.

In my report of September 15th, 1922, covering interview with the above named, reference was made by Sipel to an officer named Knouth who visited the Russell cabin with him on the night of September 14, 1922.

In following this matter further, I find that this man was Theodore Knothe, commonly known as "Teddy" Knothe who at that time was one of the officers for the Society for the Prevention of Cruelty to Animals at New Brunswick, N.J.

Knothe is no longer residing in New Brunswick and is not now connected with the Society.

He is residing at Oakcrest, N.J. and I will arrange to interview him.

Respectfully submitted:

D. T.
